At the time of settling a judgment that does not have an indexation date, the following error occurs.

The screenshot shows a web-based application for managing judgments (Sentencias). The left sidebar menu includes categories like 'Compensación y Laborales' and 'Liquidar Sentencia'. The main panel displays a form for a specific case (Expediente 545454) with various dates and a reference value (737717). A prominent red validation error box is displayed, stating: 'Ha ocurrido un error no controlado. Para solicitar soporte del error, hágalo a través de la incidencia 5403'. This indicates that the system cannot process the liquidation due to a lack of an indexation date.

## 9. Beneficiary data

It does not display the list of beneficiary type and does not allow it to be saved. This situation does not allow you to continue with the completion of this form and neither does the beneficiary by succession.

The screenshot shows a web-based application interface. On the left is a vertical sidebar with various menu items: Admin y Seguridad, Planta y Personal, Compensación y Laborales, Estructura Organizacional, Salud y Seguridad, Trámite, Alertas, Suscripción Alertas, Archivos, Importar Datos, Reportes, Peticiones, and Procesos. The 'Procesos' item is currently selected. The main content area has a header 'Información: No se han asociado representantes.' Below this is a form titled 'Datos Beneficiario'. It contains several input fields: 'Tipo Identificación' (set to 'C.C.'), 'Identificación' (containing '1019032589'), 'Primer Nombre' (containing 'CAROLINA'), 'Segundo Nombre' (empty), 'Primer Apellido' (containing 'RUIZ'), 'Segundo Apellido' (containing 'MARTÍNEZ'), 'Parentesco' (set to 'Hija'), and a dropdown menu for 'Tipos Beneficiarios' which has two options: '(seleccionar)' and '(seleccionar)' (the second one is highlighted with a blue selection bar). The entire screenshot is framed by a light gray border.

## 10. The payee form has the Representative Type drop-down list disabled

The screenshot shows a web-based application interface. The title 'Beneficiario' is at the top. Below it is a section titled 'Representantes'. Inside this section, there is a label 'Tipo Representante' and a dropdown menu that is currently empty and displays the placeholder text 'Seleccione'. Below the dropdown is a large blue button labeled 'Agregar Representante'. The entire screenshot is framed by a light gray border.

Note: Because it was not possible to generate the settlement, it has not been possible to verify the other modules and the test is at 50%, the exercises were carried out with the creation of two sentences.
